

Voters of St. Louis Park – You Swept the “Mexican Generals” out of State Government!
DO THE SAME AT HOME!!

YOU can decide the issue as you did with your emphatic state vote.

All Parties ... Farmer-Labor, Democrat and Republican, joined hands to sweep “The Mexican Generals” out of State politics and put into effect a plan to build a Greater Minnesota! St. Louis Park voted solid for such a program!

Now . . . you as a voter . . . are faced with a similar problem at home. We too have our “Mexican Generals”! Thus, the thinking people of St. Louis Park have organized to rid our government of “The Big Three.”

The All-Party Committee, representing every section, every party and every voter in St. Louis Park persuaded Byron M. Smith, Don Nemecek and Joe Justad to file for village legislative office.

They have no ax to grind! They are NOT working for special interests! They are responsible only to you as a voter! They are pledged to sound, economical government that will reflect itself in every district in St. Louis Park!

Exercise your Franchise! Vote “The Big Three” out of power and assure the future of St. Louis Park. Keep the progress of your village in step with the progress of Modern Minnesota!

SHALL SPECIAL INTERESTS OR THE PEOPLE RULE?

Is it right to have a village council president who represents a utility? The records speaks for itself! Forty-eight-passenger street cars replaced by 24-passenger buses with inferior service!

Is it right to have a councilman who can vote on his own administrative actions? Your present recorder has established that dangerous precedent! Aided by “The Big Three,” he made his position a full time job! – at the same time, he voted to increase the salary for this job - HIS OWN JOB! – from \$75.00 to \$200.00 A MONTH! Look at the record! He handles all of the administrative duties of the village and then sits as a member of “The Big Three” to vote on his own actions! If Mr. Ellison wants a full time job, let an impartial council vote him one, BUT DO NOT LET HIM VOTE ON HIS OWN ACTIONS!

“The Big Three” is a menace to the future of St. Louis Park! They cater entirely to SPECIAL INTERESTS! The records speaks for itself! Citizens insulted in open Council Meetings! Cess pool cleanage rates double that of Minneapolis! Compulsory garbage collection at greatly increased rates! Local business discouraged! Citizens’ demands ignored! Countless attempts to rezone restricted property! . . . Look at your

taxes! Are you satisfied that St. Louis Park cannot be run far more economically to your advantage?

Sweep the special interests out of St. Louis Park politics! Get rid of our “Mexican Generals”! Vote the menace of “The Big Three” out of office for a GREATER ST. LOUIS PARK!
